Want to get on top of your finances..... CAP Money is for you!

CAP Money is now available in the South Burnett and has already helped many local couples, families and individuals get on track with their finances.

'Before doing CAP Money I had no structure and was living pay to pay; I was always worried about money or not having enough. Within a week of beginning to implement the strategies I now see that even on a low income, I can take control of my finances and implement savings. I can see a light at the end of the tunnel.'
